riverbed® Academy

LEARNING AND CERTIFICATION

Riverbed Academy Learning empowers learners to implement the Riverbed Platform successfully, and to solve key IT problems every day. Become a Certified Professional today and extract the full power of the Riverbed Platform!

Learning Methodology

Learning Plans for each Riverbed solution provide a guided, yet flexible learning experience.

- Complete courses at your own pace in modular activities, such as Interactive Lessons, full video Demonstrations or Hands-on Labs.

- Pass a Certification Exam to become a **Riverbed Academy Certified Professional.**

Curriculum

Each Riverbed Academy Learning Plan contains:

- A solution **Introduction** geared toward Riverbed newcomers and managers.

- An **Operation** course for Riverbed solutions users, to adopt common and advanced use cases.

- An **Administration** course, to deploy and maintain Riverbed solutions toward IT success.
